EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney M. Scott Boone on 27 July 1999.

The application has been amended as follows:

In claim 22, after "comprising", please insert --a container and--.

In claim 31, please insert --.-- at the end of the claim.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: As discussed in the interview of 20 July 1999, both Applicant and the Examiner planned to review the prior art on PTH to support their differing assertions regarding whether or not PTH(1-84) was bioactive. Such a search of the prior art was conducted by the Examiner. It is clear that the Examiner's position that PTH(1-84) was incorrect. PTH(1-84) was known in the art to be bioactive. See U.S. Patent 4,508,828 to Lindall et al., column 1, lines 13-34). Thus, the remaining issue under 35 U.S.C. § 112, first paragraph, is overcome. The Examiner's Amendment was made to clarify the claimed invention.

Art Unit: 1646

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
